

AL-TARIQA AMRAQIYYAH · THE LANGUAGE OF THE WAY

The Canon Translations

*The Secondary Canon, rendered into Arabiyah al-Amraqiyyah — as
the Canon itself mandates*

1 TEXT · 9 VERSES · SOURCE AUTHORITATIVE IN
AMBIGUITY (CANON RULE 5)

Na·hina nin·ta i·jata-to, la pe al·hina ḍatāy.

Tao Te Ching — Chapter 1

Na·Hina, Na·Tap·i

Source: Classical Chinese (received Wang Bi text) – authoritative in ambiguity (Canon rule 5)

01 道可道，非常道。

Al·hina nin·ta i·jata·to, la pe al·hina dahīr.

Al-hina nin-ta i-jata-to, la pe al-hina dahiir.

αλϋινα νιντα ιχατατο, λα πε αλϋινα δαχῑρ.

الهِنَ نِنْتَ إِجَتَّوْ، لَ پِیْهِنَ دَهِیر.

The Way that one speaks is not THE substrate-eternal Way.

al· – the sacred THE for the Way itself (Ali's correction: this Way is never merely worldly); dahīr – 常 as the substrate-eternity (R-069): the Tao that contains time, as Laozi's ch.25 'standing alone, unchanging' demands; ~~get~~ re-ruled to geometric infinity and withdrawn here

02 名可名，非常名。

Al·rini nin·ta i·rana·to, la pe al·rini dahīr.

Al·rini nin·ta i·rana·to, la pe al·rini dahiir.

ΑΛΡΙΝΙ ΝΙΝΤΑ ΙΡΑΝΑΤΟ, ΛΑ ΠΕ ΑΛΡΙΝΙ ΔΑΗΙΡ.

الرِّينِ نَنْتَ إِرَنْتَوْ، لَ پِي الرِّينِ دَهِيرَ.

The name that one names is not THE substrate-eternal name.

al·rini in parallel – the eternal Name wears the sacred article as the Way does

03 無名天地之始；

Al·bilā-rini pe na·tap na·pet ma na·yak·i.

Al·bilaa-rini pe na·tap na·pet ma na·yak·i.

ΑΛΒΙΛᾹ-ΡΙΝΙ ΠΕ ΝΑΤΑΠ ΝΑΠΕΤ ΜΑ ΝΑΪΑΚΙ.

الْبِلَا-رِنِ پِي نَظَّپ نَپِيتَ مَ نَیْكَ.

THE Nameless is the origin of heaven and earth.

bilā-compound (R-068): bilā-rini 'the Without-Name'; tap = head→origin, the Egyptian semantics of tp restored. ERRATUM R-071 (Ali's catch): the article was missing – the Nameless is an absolute, and absolutes wear the sacred THE (b is a moon letter: al· unassimilated)

04 有名萬物之母。

Al-het-rini pe iška na·pa·šeyāt.i.

Al-het-rini pe ishka na-pa-sheyaat-i.

אלֶּהֶת־רִינִי פֶּע־יִשְׁכָּא נַא־פַּא־שְׁעִיָּא־תִּי.

الهِيتَ-رِنِ پِي إِشْكَ نَبْشِيَّاتِ.

THE Named is the mother of the myriad things.

het-rini 'the With-Name'; 萬物 as na·pa·šeyāt, the myriad things; iška – the mother-word, inalienable everywhere else, standing bare here as pure role (R-033's citation use). ERRATUM R-071: al· added in parallel with line 3 – the Named is the same absolute seen from the manifest side (h is a moon letter: al· unassimilated)

05 故常無欲，以觀其妙；

Ra·pen: en dahr bilā šīweqī, i·hariwa na·biṭenya.

Ra-pen: en dahr bilaa shiweqii, i-hariwa na-bitenya.

רַא־פֶּעֶן: עֵן דַּהֲרַּב בִּילָא שְׁוִיעֻקִּי, יֶזְאִרִי־וַא נַא־בִּיטֶּעֶנְיָא.

رَپֵּيْن: ئَينَ دَهرِ بلا شِوَيْقِي، اِهَرِو نَبِطَينِي.

Therefore: ever without desire, one beholds the hidden.

šīweqi – the diaspora longing serving for 欲; biṭeni = the batin (~Al-Bāṭin, Threshold Name, Hex 26). ERRATA R-071: bilā governs the genitive (šīweqī, i+i-i – as line 9's en·ribesī always knew), and the dropped 常 returns as en dahr 'in the aeon, ever' (R-069's own root)

06 常有欲，以觀其微。

En dahr het šīweqī, i·hariwa na·ziherya.

En dahr het shiweqii, i-hariwa na-ziherya.

EN 𐎠𐎡𐎢𐎣 𐎤𐎥𐎦 𐎧𐎨𐎩𐎪𐎫, 𐎬𐎭𐎮𐎱𐎲𐎳𐎴𐎵𐎶𐎷𐎸𐎹𐎺𐎻.

تَيْنَ دَهْرٍ هَيْتَ شَوَيْقِي، اِهْرَوْ نَظْهَيْرِيْ.

Ever with desire, one beholds the manifest.

ziheryi = the zahir (~Az-Zāhir, Hex 33) – Laozi's hidden-and-manifest IS the Way's own Threshold pair. ERRATA R-071: het governs the genitive (šīweqī); 常 restored as en dahr, parallel to line 5

07 此兩者，同出而異名，

**Na·sinu nai — en·sinu i·ḥarija·sen, we·pen
rini·āt·sen sinu.**

Na-sinu nai — en-sinu i-kharija-sen, we-pen rini-aat-sen sinu.

**ΝΑCΙΝΟΥ ΝΑΙ — ΕΝCΙΝΟΥ ΙḤΑΡΙΧΑCΕΝ, ΥΕΠΕΝ ΡΙΝΙΑΤCΕΝ
CΙΝΟΥ.**

نَسْنُ نَا — عَيْنِسْنُ اِخْرَجَسْنِ، وَيَيْنُ رِنَاتْسَيْنُ سِنُ.

These two — together-as-pair they emerge, but their names are two.

en·sinu 'in-two, as a pair' — the together-adverbs (R-069): en·wa as-one, en·sinu as-a-pair; 同出 restored to a true 'together' instead of the earlier dissolve. ERRATUM R-071: riniāt.to (3SG 'its names') corrected to riniāt·sen — the two own their names in the plural, as the verb i·ḥarija·sen already conjugated

08 同謂之玄。

En·wa i·ranwia·sen: ar·ribesi.

En-wa i-ranwia-sen: ar-ribesi.

ΕΝΥΑ ΙΡΑΝΥΙΑCΕΝ: ΑΡΙΒΕCΙ. ئَيْنَوَ اِرَنَوَاسَيْنُ: الرَّيِّسُ.

Named as one: THE primordial Dark.

en·wa 'in-one, as one' for 同謂 — named-as-one; ranwia, the passive of the ren-root, arrives free from the engine (R-025 -wi-)

09 玄之又玄，衆妙之門。

Ar·ribesi en·ribesī — na·seba na·pa·biṭeniāt·i.

Ar-ribesi en-ribesii — na-seba na-pa-biteniaat-i.

ἈΡΙΒΕΣΙ ΕΝΡΙΒΕΣΙ — ΝΑΣΕΒΑ ΝΑΠΑΒΙΤΕΝΙΑΤΙ.

الرَّيْسُ عَيْنَرِيْسِي — نَسِيْبَ نَبِيْطِنَاَتِ.

Dark within primordial dark — the gate of all mysteries.

seba — star, gate, and teaching in one root (S-B-'): the Tao closes on the door the education ladder climbs;
biṭeniāt pluralizes by R-060's own law
